How can we help?

- ✓ Is your child having difficulties at primary school?
- ✓ Does your child lack confidence in lessons?
- ✓ Is your child struggling with maths or English?
- ✓ Is your child working towards an entrance exam for a selective school or SATs?
- ✓ Do you want to help your child achieve?

We'll look no further.

Bright Sparks is the answer for affordable, professional tuition in English and maths.

Give your child that little extra help that will improve their reading, writing, spelling and mathematics skills.

Give them the confidence they need to achieve and succeed at school.

Make your child a Bright Spark!

English and maths are the foundation blocks for success in all areas of life and if your child is experiencing difficulties, it can have a profound effect on their whole education.

Our tuition sessions are tailor-made to suit the needs of your child, whether they need support with everyday learning or are working towards higher level exams.

A free assessment will be carried out on your child's first visit enabling us to ensure that their specific needs are identified.

Our centre is extremely well resourced offering a safe yet stimulating environment and a wide variety of tasks including computer software, games and practical activities and worksheets.

All our teachers are fully qualified and all our staff are CRB checked. Your child will have individual attention from the same teacher each session who will monitor their progress and offer progress reports to parents on a regular basis.

There will be a maximum of 4 children per teacher (and often less) so your child will enjoy a great deal of individual attention.

The right choice!

- ✓ Evening and weekend classes throughout the year.
- ✓ Over 20 years of teaching experience.
- ✓ Specialising in Maths and English
- ✓ Safe and secure classrooms with security access.
