

Meet Stanley

Idle CE School Dog

Stanley is a one-year-old Cavapoo. Cavapoos are a dog breed that is mostly hypoallergenic and does not moult. Cavapoos have the gentle nature, and intelligence of the Poodle with the playful, energetic, loving disposition of the Cavalier King Charles Spaniel. They are a people-oriented breed that develops strong bonds with their families.

Stanley is a calm and friendly dog. He loves children, especially younger children, but can be quite timid when it comes to big groups of people and some men - please don't be offended if he doesn't come straight to say hello to you, he takes a little time to get used to people.

Stanley loves playing on our wonderful school field. He likes to run and chase his ball. Stanley loves having company to play with and will be joining the children during their play times and lunchtimes outside. In addition to this Stanley will go outside at points in the day with pupils who may need some time to regulate their emotions.

Stanley will mainly be based in the SLT hub or the main office in school. He will also spend parts of the day in the Orchard, helping our Pastoral Team support pupils. These spaces are secure, and separate from the classrooms and pupils will only interact with Stanley under strict supervision from one of his key adults.

We will do everything we can to reassure pupils who are weary of dogs and under no circumstances will pupils be forced to interact with Stanley.

When moving around school, Stanley will always be kept on his lead and will always be supervised by one of his key adults.

Facts About Stanley

3 WORDS TO DESCRIBE ME

Cute - Friendly - Fluffy

MY HUMANS

Mrs Russell and her family

MY HOBBIES

Chasing a ball - Playing in the woods - Sleeping

FAVOURITE TOYS

Monkey - Rhino - Ball

FAVOURITE PLACES

My Home - Calverley Woods - The Beach

FAVOURITE FOOD

Scrambled egg - Sausages - Calcium bones
